

Booking Sheet

The questions you answer below will determine the type of swimming pool safety inspection we will conduct on your swimming pool and pool barrier. If you are unable to answer any of the questions below, you may need to consult with your local council. eg: when construction of your swimming pool commenced.

SWIMMING POOL INFORMATION:

Swimming pool	Yes	No	I don't know
Have you registered your swimming pool?			
Is your swimming pool an indoor pool?			
Do you have a spa pool?			
Is your swimming pool an above ground pool?			
Do you have multiple swimming pools on the same property?			
Is there a residential property located on the premises?			
Is there a tourist and visitor accommodation, moveable dwelling, hotel, motel or backpackers located on the premises?			
Does your boundary barrier form part of your pool barrier? If yes, pool owner must seek consent from neighbor to enter their property on the date the inspection is required.			
Do any windows or doorways have direct access to the pool area? If so, we may need to examine this part of the barrier from inside the premises (no barrier between windows and swimming pool)			
What date did construction of your swimming pool commence? Please provide evidence of this date.			
What date did construction of your swimming pool conclude? Please provide evidence of this date.			
Have any alterations been completed to the barrier since the date of construction? Please provide evidence of this date.			
If your property is residential, what is the land size of your property?			
If your property is residential, is your property on waterfront?			
During the inspection it will be necessary for the Certifier to take photographs of the pool area as a way of documenting the inspection. Do you consent to photographs being taken?	YES		NO
